SENIOR PERSONALITIES

A most popular and sought after figure is ED AGUIRRE, whose forceful energy and charming wit make him well-known on the campus.

The quiet charm and efficient competence of JACKIE ROGERS is exemplified by the outstanding work she did in her school activities.

Dramatic JOYCE TURK, who is an attractive bundle of energy, wins friends by her willingness to lend a competent hand.

Quiet, intelligent, and unassuming VICTOR TANNER achieved a fine scholastic record and still assumed an active part in school affairs.

The February high senior officers warm their hands a few days before their mid-winter graduation.

The activities of the Fall high seniors were many — they included the Senior Play, Senior Trip, and Class Day. Jackie Rogers was elected president to lead the class in these and other events.

Jackie is shown in the center of the group. Other officers are, left to right, Dorothy Harrison, secretary; Ann Wagner, treasurer; Ed Aguirre and Joyce Turk, rally committee.

SENIOR OFFICERS

Fall officers of the June Class of '52 stand in front of the poster announcing their fine Senior Ball—"Noche Divina".

Clarke Massey, shown at the right, was chosen to lead the class as president. He was assisted by Bud Bemiss and Peggy Davis as vice president and treasurer. Lenice Lyman, secretary, was not present when the picture was taken.

The Fall class also put on the Senior Assembly. It was a combination rally and assembly for the United Nations.

SENIOR PERSONALITIES

Superior work and a job well done in both curricular and extra-curricular activities are typical of personality-plus, JIM GRIGGS.

Bubbling with enthusiasm, DENISE BLAKELEY's gay spirit and charming smile can always be found in the middle of some student activity.

JEANNE PERRY's vibrant personality and boundless pep and energy make her one of Grant's best-liked and most successful figures.

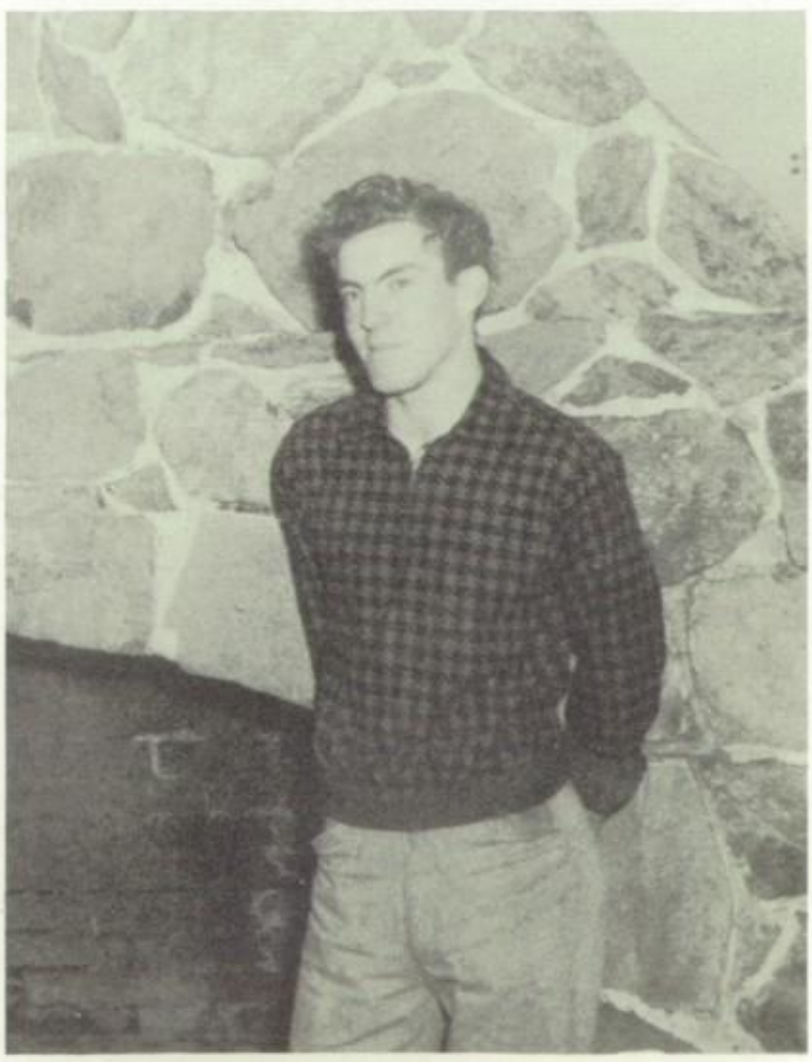
Popular BOB BASTIAN has left his mark of personality, energy and successive accomplishments on Grant by outstanding work in all his undertakings.

SENIOR PERSONALITIES

Durable DON DONSING — three sport athlete, student body officer, and journalist — a very busy man.

A delightful smile and a charming personality portray the friendly manner which has made JEANE CROUSE a popular figure on the campus.

An engaging smile and a sparkle in her eye add to LILA BAUMAN's efficiency as a student leader.



A conscientious attitude and the sterling quality of dependability are characteristic of FRANK MURPHY's untiring devotedness to student activities.

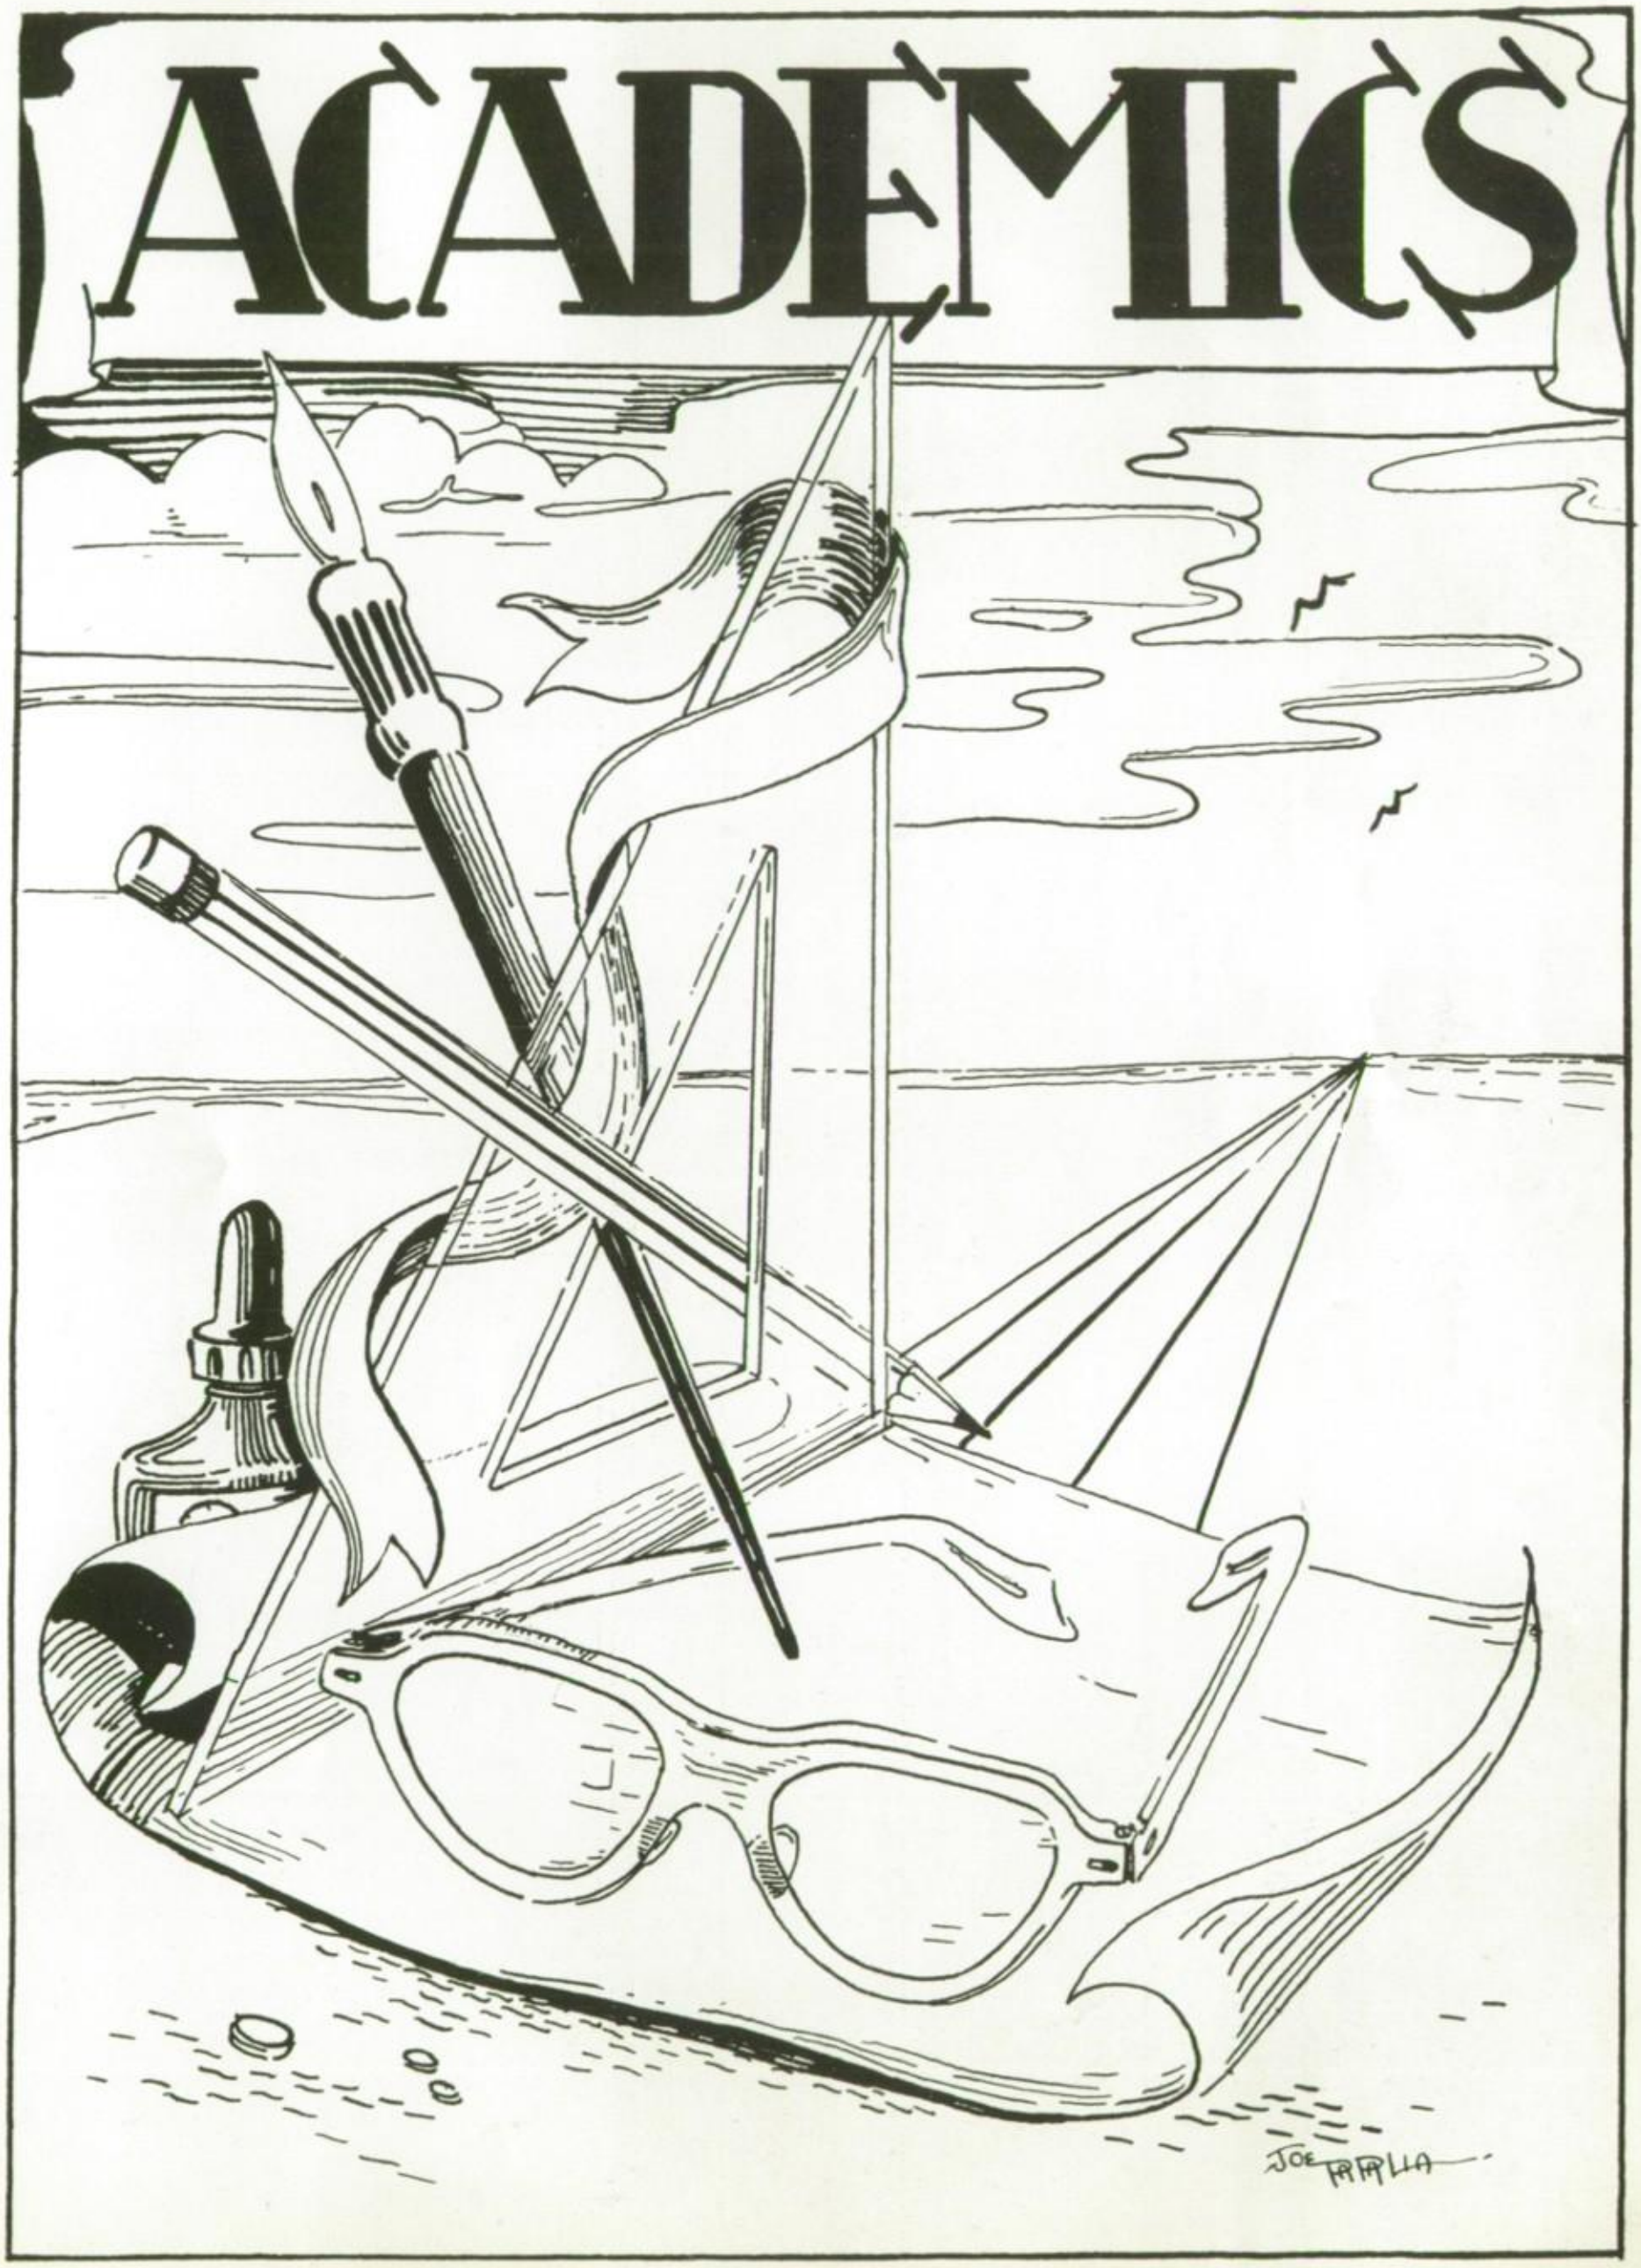
ACADEMICS



There, it really was simple wasn't it?

Mathematics

Compasses, protractors, all these are things needed for math. Two years of math are required for graduation but the variety of courses offered have some interest for almost everyone. Among the different courses offered are: general math, commercial math, shop math, algebra, geometry and trigonometry.

Do I get my points now?

History

Another requirement for graduation is history. Problems of Democracy is a course designed for seniors, and helps to prepare them for the problems that will face them later as the future citizens of these United States. Other classes offered in the history department are: world history, social studies, and California history. These classes take in freshmen and sophomores as well as juniors and seniors.

Verb or adverb?

English

The minimum time required for English is three years. Not only is grammar studied, but also literature ranging from Shakespeare to the modern writer of today. A fourth year is offered to seniors but is not required for graduation.

Language

Almost every high school offers at least one foreign language. Grant has quite a few. Among those taught at Grant are: French, German, Spanish, and Latin. Two years of a language are required for all college prep students.

Latin, the dead language???

Science

A better understanding of the world we live in is obtained in any of the many classes of science offered to Grant students. For example; general science gives a basic understanding of science. Biology, our plant and animal life. Chemistry gives a better understanding of many things, and physics is designed to complete the knowledge gained in the other science classes.

Mysteries of the world

Home Economics

Home ec is a class designed to further the knowledge of future homemakers. Child care, family relations, as well as cooking and sewing fall under the general title of "home ec." Home economics classes are offered to freshmen, sophomores, juniors and seniors. Every girl at Grant certainly will fit into one of these classes.

I hope I get finished in time.

Quiet! Artists at work.

Art

Art is an extremely popular course among Grant students. Grant is fortunate indeed to have such a wide variety of art classes to choose from. Beginning students advance into advanced art classes, silk screening, costume designing, and advanced commercial art.

How many words do you type?

Typing

Among the many commercial subjects offered at Grant typing is one of the most essential classes for both boys and girls. Speed and accuracy as well as proper care and usage of the typewriter are stressed. Other commercial courses include: junior business, shorthand, bookkeeping, filing, business fundamentals, and transcription.

What! Late again???

Attendance Office

Except for people who are always late, few people except those working there ever see the attendance office. In this class students assist Mr. Julian at his job of supervising the attendance office. To take this course you must be in the upper bracket of your class.

Safe Driving

This course is open only to those students who have reached the legal driving age. In this course students learn the operation of a vehicle as well as the responsibilities that go with it. An actual license may be obtained if the course is successfully completed.

Learning to drive.

Radio Broadcasting

Planning a career in radio? Swell, this is the course designed just for you. Dramatic and humorous plays are enacted by the radio broadcasting classes. This class, however, is open to juniors and seniors.

Actors and actresses.

Mechanical Drawing

Mechanical drawing is especially offered to boys who plan to enter the field of engineering. Two years should be successfully completed. This class under the direction of Mr. Schlegel teaches boys the different symbols and the use for each. There are classes for both the beginning student and the advanced.

Am I doing it right???

Quiet, please.

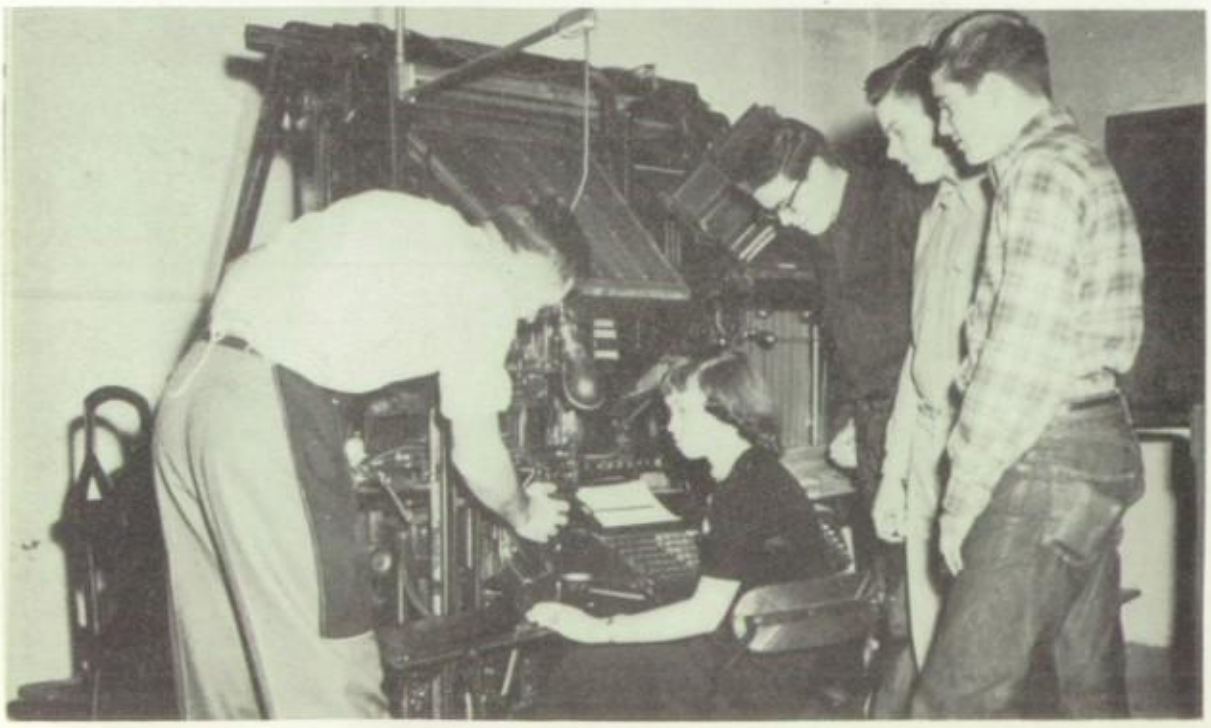
Library

Need help in finding information for a report? Care to read a good book? If so, the library is just what you need. We are fortunate indeed to have such a well-equipped library. Mrs. Cole, our librarian, is always on hand to offer help and advice to all students.

Busy beavers.

Leathercraft

Leathercraft is a subject that has attracted a great many students. In this class students learn how to make key cases, wallets and purses. Learning how to carve initials and designs into these things are a few of the things that are taught in this class.



Linotype Operation.

Printing

If anyone deserves a big vote of thanks from every Grant student it is Mr. Waters. Without his guiding hand, bids for the Senior Ball and Junior Prom, the Trail Blazer, and programs for the senior play, all these would be impossible. The fundamentals of printing are taught in this department. There are beginning and advanced classes.

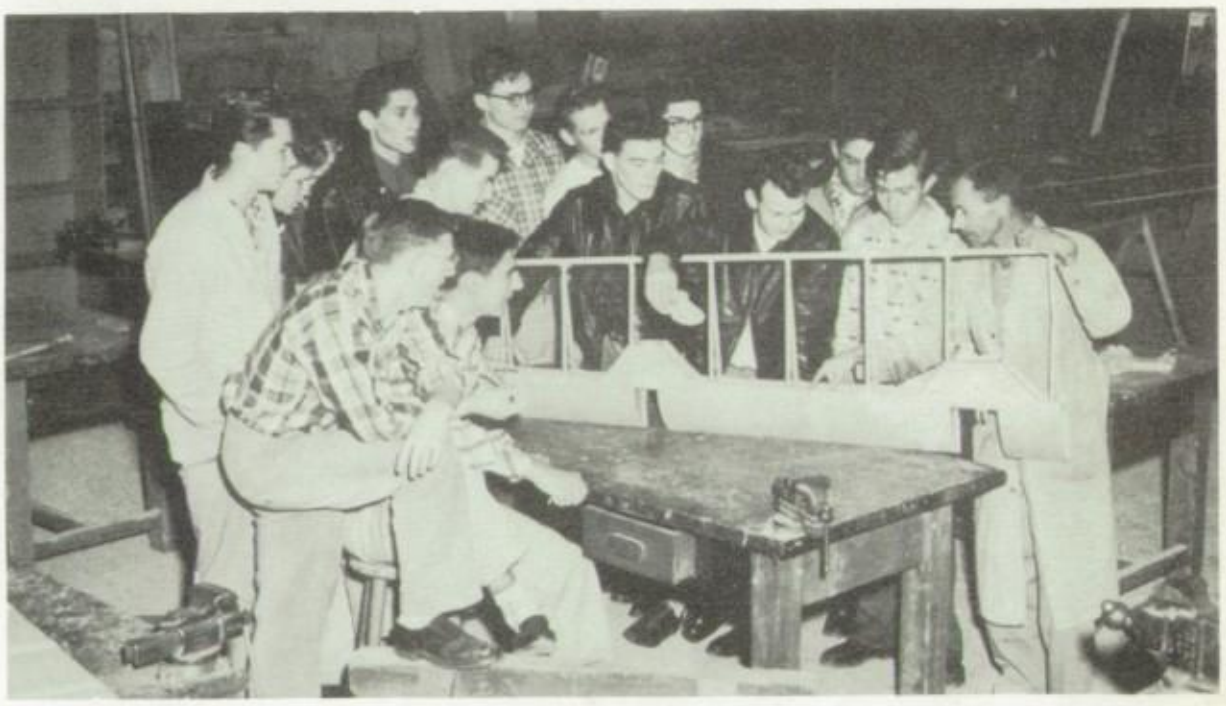
Automotive Mechanics

Automotive mechanics is the class that teaches the different automobile parts and how to repair each. Boys are allowed to repair their own cars during class time. Upon successful completion boys are almost assured of a job as an auto mechanic helper, due to the fact that at this time there is a shortage of capable mechanics.

Interesting, boys???

Pre-Aircraft

The study of repair and maintenance of aircraft structures and accessories including aircraft wood, fabric, metal and dope work, rigging, weights and balances, hydraulics, electric equipment, etc. This is a two year course.



If birds can fly—

Woodshop

Cedar chests, night stands, and tea tables are among the many pieces of furniture that are made in the woodshop classes. Almost every boy should be interested in this class. There are beginning and advanced classes.

I hope it looks good when its finished.

Understand now???

Agriculture

Agriculture is a four year course in which the student studies the fundamentals of farming. Topics studied in this class include: soil, crops, farm planning, and livestock production. There are beginning and advanced classes. The only requirement for this course is one acre of land on which the student can work on his project.

Need some help???

Welding

For all boys who wish to become mechanics, welding is a must. This course is offered for two years. Welding is not only an essential class but an interesting one. This course consists of learning the operation of the acetylene and oxy-hydrogen torch, and many other things.

What makes it run???

Electricity

The fundamentals of electricity are taught in this class. In this course students study low voltage circuits, static, batteries and alternating currents. They also make repairs on home appliances. Elementary electricity is required before taking automotive mechanics, welding, and aircraft engines.

ORCHESTRA

Nice formation, girls!

MAJORETTES

Future Majorettes

Smile pretty!

Grant may well be proud of its majorettes and the fine reputation they have given the school. Due to their efforts and fine showing Grant has had many awards added to its collection.

Requirements of a majorette are high and only girls well-qualified are selected. These girls give up much of their own time to perform for football and basketball games. Besides these events they march in parades and games for Grant Technical College.

Mr. Herbert Oehler, the director of the majorettes, deserves a lot of credit for his work. All girls interested in joining should contact Mr. Oehler.

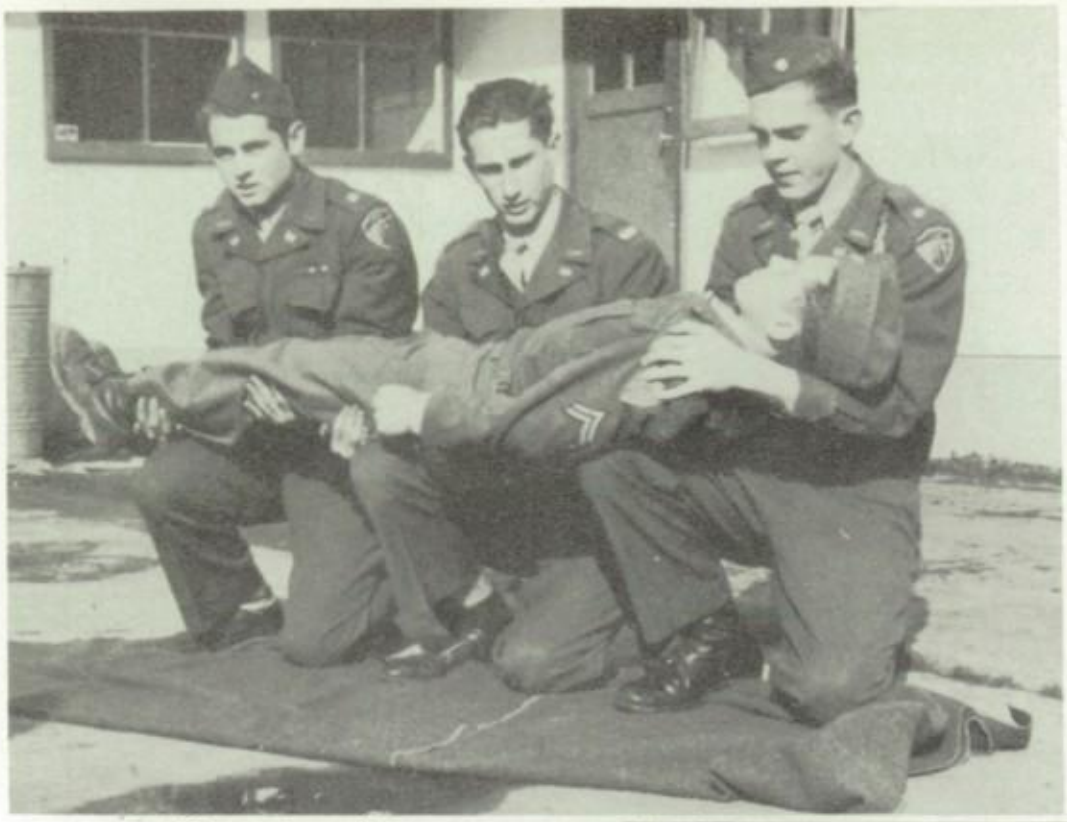
ON PARADE



"Easy does it."

The Military Department features many outstanding courses, but of all these courses first aid might well rank as first on the list.

In this class the cadets study emergency treatment — ranging from splints to minor cuts. Their motto might well be "Be prepared."

Major Charles Temple's name around Grant is almost as familiar to every student as his own. His iron hand yet warm and winning personality have won him the friendship and respect of not only the Military but the whole school as well.

Major Temple

The Top Brass

Study, initiative and hard work are only a few things that it takes to achieve the ranks that these three boys have achieved. The Military has many possibilities for young men who are willing to work.

The cadets are allowed to govern themselves, plan their own training schedules, and enforce discipline.

That final day!

Starting the season with the least number of experienced ballplayers in the conference, Gus Mota's team racked up three league wins to tie last year's team mark in amount.

Ed Aguirre led the city in scoring until he graduated in January. "Sonny" Rolfe finished a close second in the city scoring race. Fred Scott, a freshman, displayed a lot of ability and was center for the Pacer five through most of the season. All three were nominated for All-City honors.

Grant's victorious Bee's brought home the league title with an 8 and 2 conference record.

Jim Griggs was captain of the "B" team. The other four of the starting five were Jack Huckabay, Travis Montue, Dale Hobbs, and Gary Adams.

The "big five" looked very smooth under the guidance of Coach Ernie Marks.

Jack Huckabay finished second in city scoring. His scoring was very timely and helped the Bees throughout the season.

Rain or shine, the feminine element of sports-minded girls participate in various sports through the Girls' Athletic Association.

Many girls go out for G.A.A. which provides for building better skills of body and mind and most of all friendship.

Besides the sports, the girls plan many various activities such as box socials, barn dances, and stagette.

Each semester is climaxed with 'spreads' for each sport and installation of officers and presentation of awards.

ACTIVITIES

FOOTLIGHTERS CLUB

They kept things going.

The elected fall officers of this year's Footlighters Club were Coleman Feeney, president; Barbara Miller, vice president; Marilyn McClellan, secretary; Gene Wyman, treasurer; and Ed Beebe, sergeant-at-arms. Faculty advisor for the club is Mr. Thorne.

The club has accomplished many things during the year. Among them was a play put on in front of the Student Body entitled "The Smell of Powder". The cast consisted of Jan Howard, Donna Gatton, Lois Oswalt, and Gene Wyman. This play was put on for the annual Thanksgiving assembly.

The Footlighters also gave a hayride which was held at Selby Stables. Both activities occurred during the fall semester.

A cast rehearses for Footlighters play.

The club meets.

Junior Statesmen

The fall leaders meet.

The fall semester officers of the Junior Statesmen were Rickey Rutherford, president; Marlene Schucker, vice president; Lila Bauman, secretary; Jeanne Perry, treasurer; and Bill Fuller, sergeant-at-arms. The faculty advisor of the club is Mr. Meyer of the history department.

The main project of the club for the fall semester was the Korean clothes drive. All clothes that were gathered were cleaned, pressed, and packed by the Statesmen before being sent to Korea.

The spring semester officers of the club were Bob Skemp, president; Chuck MacCrone, vice president; Romona Nitsche, secretary; Joan Hinsvark, treasurer; and Marlene Schucker, sergeant-at-arms.

The organization met every other Thursday in Mr. Meyer's room.

TENAYA SKI CLUB

"Tenaya Leaders"

Many of the students at Grant, who are real snow enthusiasts, belong to the Tenaya Ski Club.

The first ski trip of the fall semester was held in February. A bus was chartered on the 9th of that month which took the club to Soda Springs, where they spent the day.

Officers chosen to lead this fall semester were, front row, left to right, Betty Reed, vice president; Sharon Weber, secretary; Dawna Gerard, treasurer; back row, left to right, Dick Clare, president; and Larry Matthews, sergeant-at-arms.

Faculty advisors for the club are Miss Dias and Mr. Nedom.

UNESCO

The Unesco group was formed in October, 1951, by Mr. Murphy of the history department. Unesco stands for "United Nations Educational Scientific and Cultural Organization."

The purpose of the organization is to promote better understanding between peoples. The members of the club have been studying different countries such as Iran and India.

The first elected officers of the Unesco group were Allan Silverthorne, president; Jeane Crouse, vice president; Peggy Dinwiddie, secretary; Harold Lund, treasurer; Evelyn Waggoner, corresponding secretary; and Pat Eynon, publicity.

RED CROSS

Officers chosen to lead Junior Red Cross organization during the fall semester were Marilyn McClellan, president; Don Donsing, vice president; Genevieve Quinones, secretary; and Coleman Feeney, treasurer. Mrs. Vaughn is the faculty advisor for the club.

The Junior Red Cross led the drive to fix Christmas baskets for needy families and also headed the local Red Cross Drive.

The committee heads.

SHANGHAI

The theme of the Junior Prom last fall was "Shanghai" and the prom was held on November 30 in the girls' gym. The prom was presented by the then High Junior Class.

Music was provided by Wayne Shirley's orchestra and dancing was from 8 p.m. to midnight.

During the evening a prince and princess of the prom were crowned. The prince was Lloyd Bousliman and Doris Vance was crowned as princess.

General chairman of the dance was Lloyd Bousliman and co-chairmen were Doris Vance and Melvin Gordon. The rest of the committee chairmen were as follows: Shirley Craig, decoration; Jack Perry, publicity; Ronald Du Vall, entertainment; Doris Vance, tickets; Larry Bell, clean-up; Dean Price, band. Faculty advisors were Mrs. Skrable and Mr Quint.

Dancing to Wayne Shirley's orchestra.

Crowned as prince and princess were Lloyd Bousliman and Doris Vance.

FUTURE HOMEMAKERS

Officers for the fall semester Future Homemakers of America were Jolene Mutch, president; Nancy Harris, vice president; Shirley Lyon, secretary; Evelyn Short, treasurer; June Brown, program chairman; Nancy Lee Helfer, sergeant-at-arms; and Barbara Underwood, scribe. The faculty advisors for the club are Miss Taylor and Mrs. Neff.

During the fall semester the Future Homemakers fixed clothes for a club in Germany and they also worked on the Christmas baskets for needy families.

FUTURE FARMERS

Agriculture taught in the Grant Union High School is of a vocational nature, requiring a home project of the student. Training for a vocation in agriculture is the objective of the department.

Farm mechanics is a part of the course and membership in the Future Farmers of America is open to every boy enrolled.

Aside from classroom work, many field trips are taken to do practical work in agricultural enterprises and in judging contests.

The cast gets last minute instructions from Mr. Thorne.

"MEN ARE LIKE STREET CARS"

Under the direction of Mr. Thorne, drama coach, the January graduating class presented "Men Are Like Streetcars", a comedy in three acts by Graeme and Sarah Lorimer.

Maudie is played by Joyce Turk, while her patient parents are played by Tonya White and Charles Meade. Maudie has an elder sister, Silvia, played by Jackie Rogers.

Friends who gather to hear Maudie's worldly advice are Julie, played by Peggy French; Ali by Valerie Rolfe; and Lysabeth by Noreen Holstine. The mothers of these girls were Mrs. Allan, Ann Wagner; Mrs. White, Yvonne Basich; and Mrs. Day, Barbara Whiteside.

Joey, Maudie's cousin, is played by Dorothy Harrison. Davey, the boy on whom all of Maudie's worldly know-how is tried, was played by Carl Williams, and Chi, anybody's guy, was played by Wilbur Baldwin.

A young man friend of the family's, Jerry, was played by Ed Aguirre, and Ted, a friend of Silvia's, was played by Everett Rutherford. The family maid was played by Anita Long.

The Grand March.

NOCHE DIVINA

They enjoyed it.

They planned it.

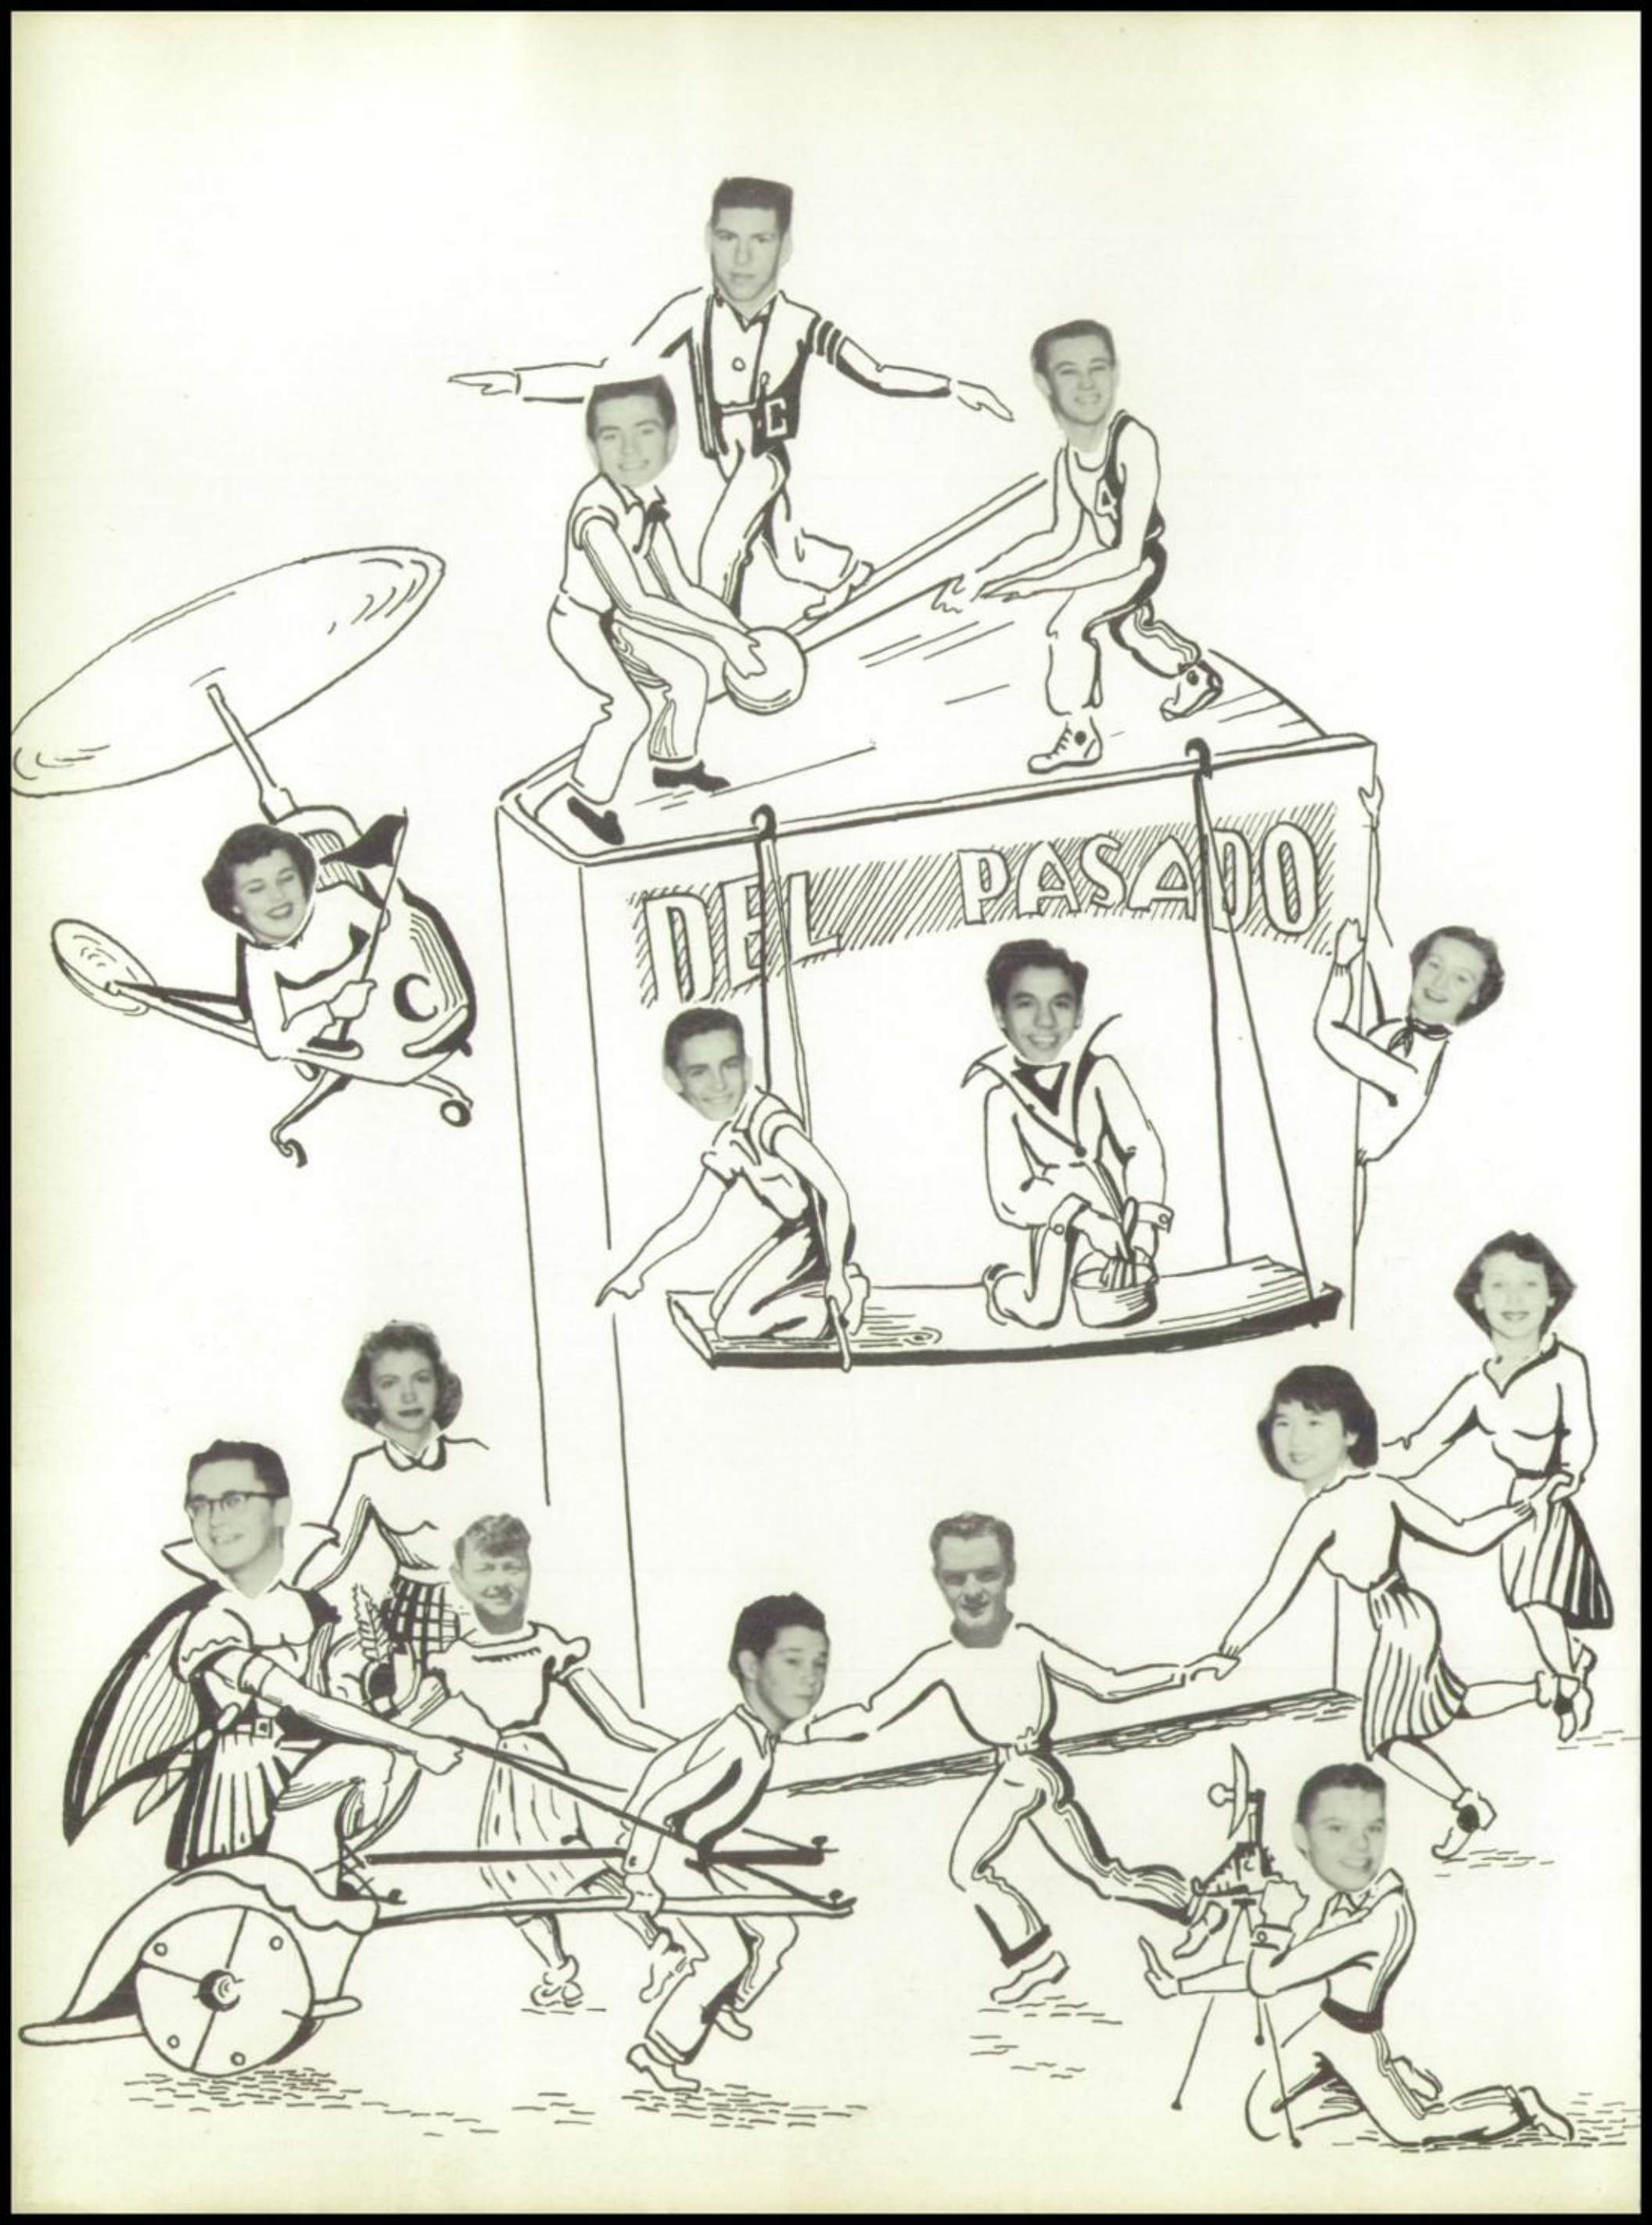
The music was sweet and the atmosphere was just right to spend a "Noche Divina" at the fall senior ball put on by the June senior class of 1952.

Yes, "Noche Devina" or, as you might translate it, "a night divine," was a great success. Music was supplied by Bill Rase and his orchestra and the dancing was from 9 p. m. until midnight. The dance was held on January 18.

Committee heads for the dance were Jim Griggs, chairman; Ronnie Watkins, publicity; Adeline Freer, bids and programs; Lola Zuhars, entertainment; Rose Carstairs, rearrangements; Joe Papalia and Carol Ballinger, decorations; Rudy Monnich, music; Nancy Bagdanoff, theme; and Kathy Gulhaugen, invitations.

Ronnie Watkins and Jeanne Perry, left, greet Jim Griggs and Betty Reed at the door.

Honored as king and queen were Ed Aguirre and Jackie Rogers.



DEL PASADO

Copy being written, pictures pasted, and deadlines being met . . . this was a familiar scene in Mr. Gilliam's room every sixth period this last year.

The class agrees that the book would never have been finished without the careful and patient guidance of Mr. Gilliam, faculty advisor.

Sheila Clinton, editor of the book, was another one who stood behind the class until the last page was printed.

Senior pictures were the responsibility of assistant editors, Billie Marie McDonald and Norman Kempster, while Bud Bemiss and Jim Griggs headed the Boys' Sports section and Miyoko Miyaoka headed Girls' Sports. The Activities section was arranged by Jeanne Perry and Dean Price while Marge Armstrong took over Academics and Don Donsing was in charge of Underclassmen.

Pictures were made possible by Richard Bolinder and Mr. Al Cavender of Meril Studio and division pages and fancy printing were done by Joe Papalia.

The business angle of the year book was handled by David Schlenker and Adeline Freer and printing advisor was Mr. Waters.

Each year the advanced and beginning journalism classes publish the "Trail Blazer", the school newspaper, which is distributed every two weeks. Due to the fact that the student council pays the publishing cost it is distributed without charge to all high school students.

This year's editorial staff was composed of the following: Janice Sharpe, editor; Marge Armstrong, feature editor; Lola Zuhars, girls' sports; Bud Bemiss, boys' sports; Gerald Arthur and Pauline Byrne, staff artists; and Sheila Clinton and Jeanne Perry, circulation managers.

Members of the June graduating class who were members of the mechanical staff included Darlene Perry and Mario Guzman.

Mr. Stanley Gilliam is the class advisor and Mr. James Waters is the printing instructor.

Y Teen

The Y Teen Club has been very active this last year. For their fall semester officers they elected Ovagene Nation, president; Jackie Clutterbuck, vice president; Sharolyn Hoffman, secretary; Lola Amaro, treasurer; Lillian Kammerer, sergeant-at-arms; and Joyce McCreary, representative. Faculty advisor for the club is Miss Vargas of the girls' P. E. department.
